The Frigos Premium FGP-RF-3D is the pinnacle of refrigeration, offering a vast 72 cubic feet of storage capacity for commercial kitchens and foodservice establishments. This three-door reach-in refrigerator is designed to meet the highest standards of performance, reliability, and energy efficiency. With its top-mounted compressor, it maximizes interior storage space, making it easy to access and organize your ingredients and products.

The FGP-RF-3D boasts nine sturdy shelves, ensuring ample space to store a wide variety of items while keeping them organized and easily accessible. This refrigerator maintains a consistent temperature range of 33°F to 41°F, ensuring that your products are stored at the ideal conditions to maintain freshness and quality. With its durable stainless steel exterior and interior, this refrigerator is easy to clean and built to withstand the rigors of a busy commercial kitchen.

Designed for sustainability, the FGP-RF-3D uses eco-friendly R-290 refrigerant and consumes only 3.57 KW per 24 hours, making it an environmentally conscious choice for your business. Its silver finish adds a touch of elegance to your kitchen while providing efficient and reliable refrigeration, allowing you to focus on what matters most—serving your customers.
